## BECOME PART OF TORM MEETING POINT and the future of Danish sailing

### Follow the national sailing team's Olympic races in Japan

This summer, the Olympic sailing races are held in Enoshima, Japan. Unfortunately, it is not possible for us to invite our partners to Japan to experience the event first-hand. Therefore, we and our treasured partner TORM would like to invite you to follow the national sailing team's efforts from **TORM's headquarters in Tuborg Harbour in Hellerup.**

As a special treat, we would also like to invite you to try Olympic sailing on the water just outside Tuborg Harbour with the assistance of our national development team and national junior team. A number of exciting activities will be offered for partners and supporters of the sailing world. Events will take place throughout the Olympics. We will, in particular, focus on the highlights in the **period from 25 July to 3 August.** Read more on [www.dansksejlunion.dk/meetingpoint](http://www.dansksejlunion.dk/meetingpoint)

The TORM MEETING POINT will be an attraction and meeting point for the Danish Sailing Association's partners, the press, former Olympic sailors, top athletes, professionals, celebrities and friends from the world of yachting and sailing. This is a fantastic opportunity for current and potential partners to invite their employees and customers to come and have a great experience on the water accompanied by Denmark's sailing elite.

TORM MEETING POINT also presents a unique opportunity to get a feel for what it means to partner up with the Danish Sailing Association as we look forward to the Olympics in France in 2024.
